

One week, one sail: the Family Values.

Sail of the Week: *The Family Values* · Matthew 6:21 · Rule: **ONE SACA completes the week.**

What you need: your iPhone, last month's bank/card statements, ~35 minutes spread over three short sittings, 10 minutes a month after.

MONDAY — Name what the house stands for (15 min)

- 1. Claude as scribe: *"Help me write our 3–5 Family Values — short, declarative lines my kids could memorize."* You declare; it tightens.
- 2. Post them where the family sees them — fridge, frame, lock screen.

TUESDAY — Find the leaks (10 min)

- 3. List every recurring charge: bank + card statements, plus Settings → [your name] → Subscriptions (Apple) and Google subscriptions.

WEDNESDAY — Run the first sweep (10 min)

- 4. Set the recurring monthly trigger: **"Storehouse sweep."**
- 5. Paste the list into Claude (names + amounts ONLY — never card numbers): *"Judge each charge against these values. Which serves them? Cut one that doesn't."*
- 6. Cancel one dead charge today. Screenshot the confirmation.

AT THE FAMILY MEETING + SUNDAY

- 7. Read one value out loud at this week's Family Meeting. Values reviewed stay alive.
- 8. Mark the **Chart: SACA 2 — The Values-Run Storehouse** → week complete.

THE LINE TO HOLD

"For where your treasure is, there your heart will be also." (Matthew 6:21) The storehouse is a discipleship document — money follows values, yours or somebody else's.

Want more this week? (all optional — the week is already complete)

SACA 1 — Tithe-First Budget. Giving (10%+) is line one; everything else fits underneath. If 10% feels impossible, that's the signal, not the verdict.

SACA 3 — Legacy Plan Starter. Will summary, beneficiaries, letters to your family. AI drafts; the lawyer signs; never paste account numbers.

Going Further. The 7 daily drills live under "Optional depth."
