

Build a Teaching Aid for One Passage

A handout, discussion questions, application points. Use it Sunday.

USMC men teach — small groups, Sunday school, the pulpit, the kitchen table with their kids. This week you build a real teaching aid for one passage: a handout, discussion questions, and application points, AI-assisted and you-refined. Then you use it this Sunday or next. The tool helps you prepare; the teaching is still your gift and your responsibility.

THE ACTION

- Pick a passage you'd actually teach and your audience for it.
- Have AI help generate a handout, 4–6 discussion questions, and 2–3 application points.
- Refine it against your own study (W9.T2) — cut anything that's thin or off.
- Use it this Sunday or next. Note what landed for the next time you teach.

PREPARED, NOT OUTSOURCED

A teaching aid is scaffolding for your preparation, not a substitute for knowing the text yourself. Build it, then know it well enough to set it down.

SCRIPTURE

Ezra 7:10 — "Ezra had prepared his heart to seek the Law of the Lord, and to do it, and to teach." The order is seek, do, then teach. The aid serves the third; it can't replace the first two.
